

QBE is a leading professional industrial specialist for the Design and Construct industry, with over 20 years' experience.

Our wealth of knowledge of this industry sector, from SMEs to large multinational contractors, has enabled us to tailor policies and services specifically for this portfolio.

We know that a one size fits all approach will not work, so we have developed separate specialised products that fulfil the professional industrial requirements across the whole range of contractor sizes and activities.

Claims service

We consider our claims service to be of the utmost importance and take great pride in the level of service that we offer. We bring together an unrivalled team of expert claims analyst, adjusters and counsel in order to settle claims effectively and efficiently.

Target areas

- General building contractors
- Interior fit-out contractors
- Civil engineering contractors
- Mechanical, electrical and HVAC contractors

Out of appetite

- Off-shore risks/near shore
- Cladding, glazing, roofing, curtain walling, piling, soil and foundation works

Capacity

- Significant limits of up to US\$ 25 million available.

Wordings ability

- We have the ability to write risks not only on our market leading wording as well as on all other market standard competitor wordings.
